

Hello, my name is **Flavia Carbonieri**, I'm 25 years old and I am from Maringá, Paraná – Brazil. I've studied Psychology, and I was working with human resources in an agroindustry when I decided to quit the job to make the development traineeship in Slovakia.

I'm the oldest daughter of four; I have two brothers (one is adopted) and one sister. My parents are engineers and we are a Catholic family.

Part of my family came from Italy but I've never been out of Brazil. This is my first trip and I'd like you to know that I'm really happy and enjoying the idea of living in Slovakia for one month and I can't wait to meet you all.

I like pets (I have a black cat), like spending time with my family and watching movies, series and documentaries. I also like sports, my favorite is running but I'm "grounded" for a few months cause I had a knee problem and I seriously hope I can start running again soon (slowly).

Well, Slovakia seems to be a great country with an amazing story and i'd like to learn with you all about it and i'm looking forward to show you how great and beautiful Brazil is too.

I think that's all for now...
Dovidenia
